Step 3: When the new page opens, "check" the "show only sale items" box, and click "search."

Step 4: When the page refreshes the "Show only sale items" should be highlighted in green. Below that, "click" on the tab that says: "Show all items in this category."

Step 5: VOILA!

Step 6: Enter the quantity you want for each item in the left-hand column... then submit your request!

In Addition: Once all the sale items are showing you can use the "search" box to search through all the sales for a specific item or type of product.
